

OUT DAM SPOT

STAIN REMOVER & DEODORIZER

USE STRAIGHT, NOT DILUTED.
COUNTERACTS SMOKE, MILDEW, ALGAE, FUNGUS & BACTERIA ODORS

DIRECTIONS

CARPET & UPHOLSTERY

1. Always pre-test fabric for color-fastness in an inconspicuous spot (closet corner or back side of upholstered piece).
2. Apply generously to an area 3 times larger than the stain. Gently brush or sponge into the fabric. Allow to set and work for 15-20 minutes, then blot dry with a clean white absorbent cloth towel. A second or third application may be necessary for extra strong odors or hard to remove stains.
3. Lightly sprinkle water on area where **Out Dam Spot** was applied to neutralize chemical. Then remove water and excess chemical with a sponge or white cloth. Repeat.
4. Allow spot to air dry while remaining **Out Dam Spot** continues to neutralize odor.
5. Gently brush fabric when dry to fluff up fibers.

NOTE: If odor is still present after 2 or 3 days it may be necessary to re-apply OUT DAM SPOT. Allow to set for 15-20 minutes and extract using a carpet cleaning machine or wet-vac.

CLOTHING

1. Always pre-test fabric for color-fastness in an inconspicuous spot before using.
2. Apply **Out Dam Spot** directly to stained area. Allow to set and work for 3-5 minutes.
3. In sink, rinse **Out Dam Spot** out of fabric with cool fresh water.
4. Wash as usual with detergent.
5. Stubborn stains or odors may require a second application of **Out Dam Spot**.

NOTE: **Out Dam Spot** will not replace dyes in previously bleached out fabrics.

CAUTION: DO NOT TAKE INTERNALLY. EYE IRRITANT. AVOID CONTACT WITH EYES.

FIRST AID: EYES – FLUSH WITH WATER FOR 15 MINUTES. IF IRRITATION PERSISTS, GET MEDICAL ATTENTION.

NOTE TO PHYSICIAN – THIS PRODUCT IS REGISTERED WITH POISINDEX. KEEP OUT OF THE REACH OF CHILDREN.
